

## **OBJECT TO EASON'S BLAIR BOOK SIGNING**

Eason's is to host a book signing by Tony Blair on 4th September in Dublin.

This man's lies led to the Iraq war; which in turn led to the deaths of 1.3 million innocent Iraqis.

The mass murderer Blair should not be promoting a memoir; he should be under arrest for war crimes.

Instead, the Irish state is spending a fortune of our money in security measures to protect this war criminal in Ireland.

In an attempt to redeem himself, Butcher Blair will donate the proceeds from the memoir to the British Legion. A donation the Legion has reluctantly accepted. Widows and families of the dead and seriously injured servicemen have described it as "blood money".

He will also appear on the RTE Late Late Show on 3rd September.
