Un Nou Inceptut Judicary

I am sure someone can do this poster and the other to follow better. However, they are to be taken very seriously. Governments are not acting to bring a person who is by far the most heinous mass murder/serial killer in world history to justice. To get the justice this time, it is only up to the people of this world to do so. However we have to do it. Anthony Fauci, has to hire security for his daughter, while he murders ours. Murders of which all three are guilty.
