

'It's shocking, that people are not aware of the consequences of microwave radiation.'

John Ryan, Tipperary farmer

Ryan, his family and farm animals all suffered various effects from microwaves which ended when he successfully had a mast removed from his land.

Shocking Health Hazards & Impact of Wireless Communications

Venue: Ballymacward Community Hall

Day 1

Saturday 7th May, 7:30 p.m. – 9 p.m.

Presenters: Paul Doyon and the Alliance for Irish Radiation Protection.

This first talk will cover the fundamentals, a local action plan for reduction of mobile phone mast signals, and a Q/A session.

Day 2

Sunday 8th May 7 p.m. – 9:30 p.m.

Presenter: Paul Doyon .goes into greater depth on the science of health and environmental effects.

Paul will also share his personal story and experiences, with use of fascinating visuals.

Topics

- **Weak regulation** status of wireless radiation in Ireland
- Widespread **environmental** effects, including **bees, frogs, birds** and **farm animals**
- Documented **health** effects on humans, including **DNA damage, cancer, autism, ADHD, chronic fatigue, depression** and **epilepsy**. Intensified health damage to **children** and **babies**.
- Precise pragmatic **action plan** for Woodlawn and neighbouring communities: campaign for the signal to be turned down on local masts, by as much as ten times, without loss of benefit for users yet with ten-fold less health and environmental effects.

A **ONCE-IN-A-LIFETIME** opportunity to learn first-hand the most up-to-date science and practical tips to protect yourself.

The Speakers

Paul Doyon, B.A., B.A.T., is a leading international expert on electrostress. He publishes a newlist, EMR Updates, which is widely read and respected by scientists and enthusiasts around the globe. Paul has been researching the health and environmental effects of electromagnetic radiation for the past six years. Paul has just fled Japan following the recent nuclear plant disaster at Fukushima and is visiting friends in Woodlawn, Co. Galway.

Paul Doyon

Alliance for Irish Radiation Protection: John Weigel is a writer / researcher and key national figure in the campaign to raise awareness of the hazards of wireless technology. Based in Dublin, he is a member of the Alliance, a confederation of groups around the country that are pressing for the establishment of human and animal safety standards. Activist and mother-of-five, **Pauline Keeley** has been a long-time advisor to communities around the country in their struggle for a safe environment.

**We all know someone with one of these conditions
and owe it to them to learn more and prevent further suffering**

hosted by

The Woodlawn Heritage Group, Co. Galway.
